OUR SERVICES

SHIP CHANDLING SERVICES

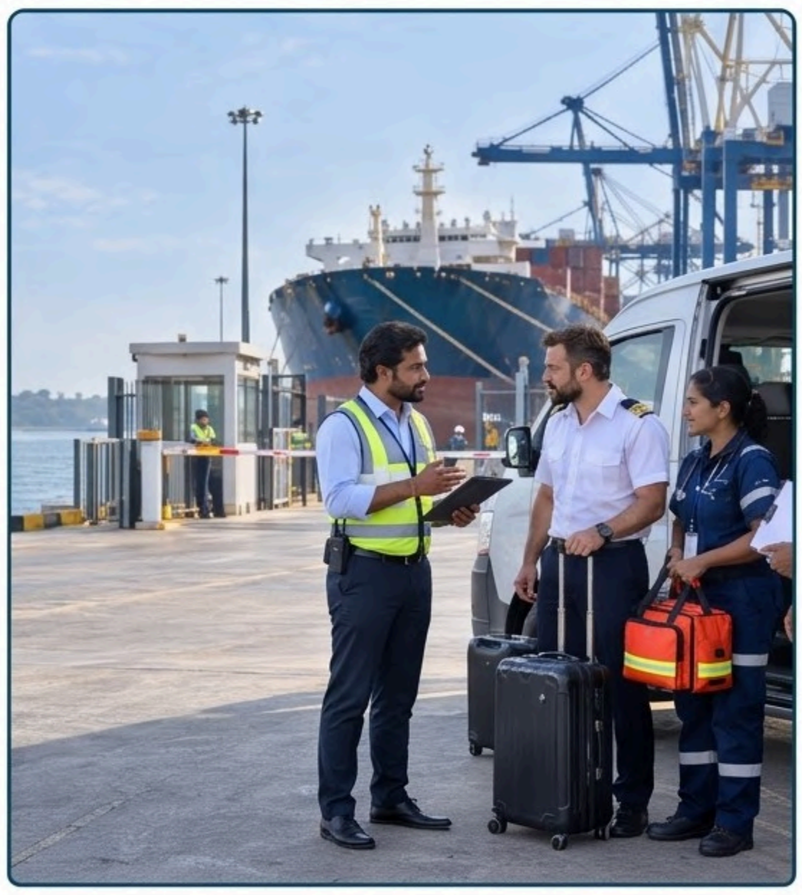

- Comprehensive vessel provisioning and marine stores supply to support operational readiness, efficient port calls and uninterrupted vessel operations. Our ship chandling services cover a broad range of vessel requirements, from fresh provisions and drinking water to technical stores, spare parts and essential marine consumables. Through established supplier networks and coordinated port-side deliveries, we support shipowners, ship managers, vessel operators and ship agents in meeting vessel requisitions efficiently and cost-effectively.

- **Key Benefits:**
  - **Provisions & Potable Water:** Fresh, frozen and dry provisions, drinking water and other essential supplies for onboard consumption.
  - **Technical Stores & Spare Parts:** Deck stores, engine stores, electrical stores, mechanical components and vessel-specific spare parts, subject to availability.
  - **Safety & General Stores:** Personal protective equipment (PPE), safety supplies, cabin stores, galley stores stores, stationery and general vessel consumables.
  - **Lubricants & Consumables:** Suitable cleaning chemicals, maintenance consumables, lubricants and other operational supplies.
  - **Coordinated Port-Side Delivery:** Supply scheduling and delivery coordination aligned with vessel ETAs, port-call schedules and operational requirements.
  - Competitive pricing through established supplier networks
  - 24/7 availability for emergency requirements, subject to availability and port-access requirements.

CREW CHANGE SUPPORT AND MEDICAL CARE ASSISTANCE

- From crew changes and medical assistance to **port clearances and local coordination, we handle every aspect of your Crew Change and Medical Care Assistance** with professionalism and efficiency. We coordinate shore-side arrangements to address crew movements, local transportation and hospital medical care. Our focus is on responsive communication, efficient coordination and minimising avoidable delays during crew changes and vessel port stays.

- **Key Benefits:**
  - **Crew Change Coordination:** Assistance with joining and sign-off arrangements, crew movement scheduling and coordination with ship agents and vessel representatives.
  - **Crew Transportation & Shore Assistance:** Coordination of airport transfers, port transfers, local transportation and other approved shore-side requirements.
  - **Medical Care Assistance:** Co-ordination of medical appointments, hospital transportation, pharmacy supplies and emergency assistance through appropriate service providers.
  - **Immigration & Customs Facilitation:** Liaison with Customs, Immigration and relevant authorities for applicable formalities, subject to statutory requirements and authorised responsibilities.

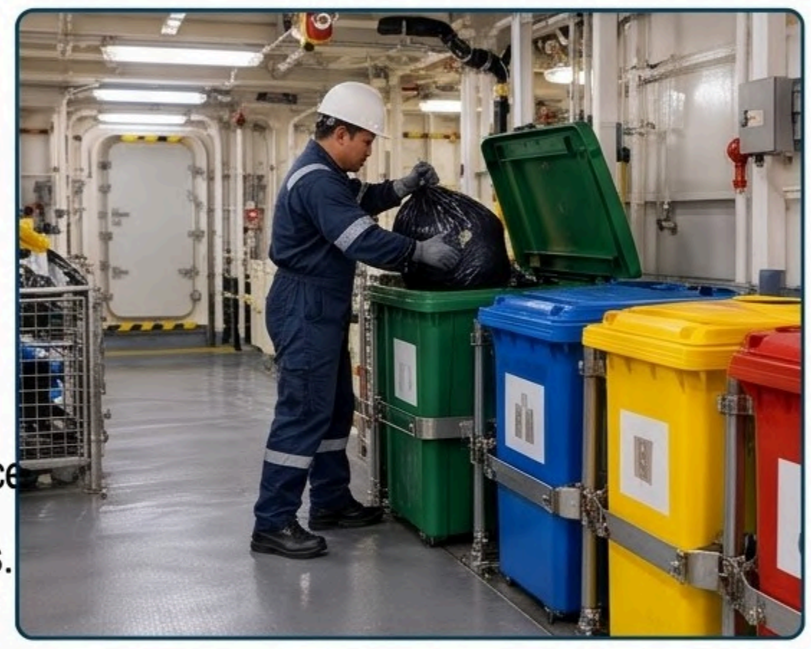

OUR SERVICES

CONTAINER SURVEY, CLEANING & REPAIR

- Professional survey, inspection, cleaning and repair services ensuring compliance and accurate condition reporting of containers. We coordinate on-hire and off-hire container surveys, condition inspections, damage assessments, photographic documentation, cleaning and repair services. Inspection findings and reports support equipment condition assessment, repair planning and maintenance decisions. Survey and repair activities are arranged according to the applicable requirements and qualifications of the service providers involved.
- **Key Benefits:**
  - **On-Hire & Off-Hire Surveys:** Condition inspections associated with container interchange, equipment handover and return, as applicable.
  - **Container Damage Assessment:** Inspection and documentation of visible damage to container panels, doors, tlooring, corner castings and other accessible components.
  - **Photographic Documentation & Reporting:** Structured condition reports with supporting photographs to record observed damage and relevant inspection findings.
  - **Container Cleaning:** Coordination of internal and esternal container cleaning according to equipment condition and service requirements.
  - **Container Repair & Replating:** Assessment and coordination of repairs, panel replacement, steelwork and replating through appropriate
  - **Maintenance & Turnaround Support:** Coordination of inspection, cleaning and repair activities to help minimise equipment downtime and support the timely return of serviceable containers.

VESSEL SCRAP & WASTE COLLECTION

- Reliable ship scrap, waste collection and disposal services to help vessels meet port, environmental, and regulatory requirements. We do the collection and responsible disposal of ship-generated waste during port colls. Our team works with approved port reception facilities to arrange timely service, manage required documentation, documentation, and support compliance with applicable environmental regulations.
- **Key Benefits:**
  - **Metal Scrap & Other Waste Streams:** Coordination of collection and handling according to waste classification.
  - **Ship - Generated Garbage:** Coordination of collection of applicable solid waste generated during vessel operations.
  - **Food Waste & General Refuse:** Arrangements for collection and handling in accordance with applicable segregation, port and disposal requirements.
  - **Used Oil & Oily Waste:** Coordination of collection through authorised service providers.
  - **Sludge & Bilge Water:** Service coordination for applicable engine-room waste streams through facilities authorised and equipped to receive them.
  - Timely service during port calls
  - **Waste Documentation Support:** Assistance with collection records, receipts and other relevant documentation provided by the
  - **Environmental Compliance Support:** Coordination intended to support compliance with applicable port rules and environmental requirements, including relevant MARPOL provisions.

VESSEL HOUSEKEEPING & LAUNDRY SERVICES

- Dedicated onboard housekeeping and marine laundry services to support crew welfare, accommodation hygiene and vessel readiness during port calls. We coordinate professional cleaning of crew cabins, accommodation areas, washrooms, mess rooms and designated deck spaces, alongside laundry services for crew clothing and vessel linen. Services can be scheduled around vessel movements, crew requirements and port-call windows to maintain clean, hygienic onboard environments while minimising disruption to vessel operations.
- **Key Benefits:**
  - **Crew Cabin & Accommodation Cleaning:** Cleaning of cabins, passageways, accommodation areas and other agreed interior spaces.
  - **Washroom & Sanitation Services:** Cleaning and sanitation of designated washrooms and shared crew facilities.
  - **Designated Deck-Space Cleaning:** Cleaning of agreed deck areas, subject to vessel instructions, access restrictions and onboard safety procedures.
  - **Marine Laundry Services:** Washing, drying, ironing, fuiding and delivery of crew uniforms, boller suits, personal clothing, bed linen, towels and galley linen.
  - **Laundry Collection & Delivery:** Coordinated collection, segregation, processing and return of laundry in line with vessel schedules and agreed service arrangements.
  - **Port-Call Scheduling:** Coordination of housekeeping and laundry activities to help minimise operational disruption and support efficient vessel turnaround.
